

Governance of ESIF

As a part of the governance requirements for ESIF, the LEP has formed a Sub-Committee to help:

- Identify a pipeline of projects that meet local needs;
- Develop, in conjunction with the Managing Authorities, an Implementation Plan to focus delivery and performance;
- Publicise and promote the opportunities that the funds provide for economic growth;
- Discuss with the Managing Authorities the breadth, scope and timing of funding calls required in each local area;
- Contribute local expertise to the Managing Authorities' selection and prioritisation of projects;
- Manage the performance of the local delivery elements of the national Opt-In offers; and
- Monitor the progress of ESIF implementation against the milestones and results agreed in their ESIF strategy.

The members of the Oxfordshire ESIF Sub-Committee are:

- Adrian Lockwood – Chair of the Oxfordshire Skills Board
- David Hartley – Pro Vice Chancellor, Oxford Brookes University
- Anne Augustine – Low Carbon Hub
- Annie Vernon – NFU
- Richard Byard – Oxfordshire County Council
