

A large graphic for the Enterprise Europe Network. It features a stylized globe with a grid of white lines and a pattern of small white dots. The words "enterprise europe" are written in a white, lowercase, sans-serif font across the middle of the globe. To the right, the letters "EN" are written in a large, bold, white, uppercase font. The background is a solid blue color.

Quick EU Funding Partner Search

- Type of forum: Forum
- Scope/purpose:
 - o quickly partner search for tenders with timely manner for Horizon 2020, SME Instrument, Erasmus+, EIP, Eurostars and so on
 - o Examples of messages to look for:
 - References to TO/TR/RDR Profiles in Merlin which are closing within 3 month relating to a specific EU research call
 - Quick partner search posts including the following topics:
 - Deadline
 - Call-Identification
 - Organization-Identification: SME or Research/University
 - Role: Partner or Coordinator
 - short (!) project description: should include specific details of what is needed i.e. the university is seeking an SME partner for H2020, an SME is seeking another SME from a certain country for Eurostars etc.

Current Horizon 2020 searches

- **Industrial end users needed for “Additive manufacturing to photoconstruct tailor-made hydrogels”** project to provide assistance in order to direct the chemical design to a precise application and evaluate the resulting materials’ commercialisation potential
- **Oncology CRO specialised in nanomedicine** sought to complete a consortium aiming to translate promising nanotherapies for cancer from pre-clinical lab stage to Phase 1 clinical testing.
- **ICT and battery experts as well as enterprises for testing the system in a real environment** sought to join develop an electronic power system for electric vehicles that will optimise charging performance (super-fast charging) and will support communication between an enhanced BMS.

Personal Introductions

2000 people + 600 business support organisations

=

Connection made in less than 12h!

Access to funding

Our Support:

- Understand and access Horizon 2020, Eurostars etc.
- Application review
- Coaching support for SME Instrument beneficiaries
- Innovate 2 Succeed - coaching outside funding

Some of our achievements:

- ✓ Williams Advanced Engineering found German, Spanish and Italian partners to apply for Horizon 2020 and won €12m
- ✓ VTOL Technologies received a letter of support for their Horizon 2020 application from the Slovakian national rail operator
- ✓ 3 SMEs won €50k SME Instrument Phase 1 grant
- ✓ Association of RPAS joined an €1m EU consortium
- ✓ Home care organisations joined an AAL project to use new movement sensors developed by Canary Care

What we are working on right now?

- ❑ Agritech SME speaking with poultry farms to provide biowaste to make biocoal
- ❑ Developer of biodegradable diagnostic devices seeks manufacturers
- ❑ Start up is sourcing new materials to develop a super fast phone charger
- ❑ Developer of oral cancer treatment technology looking to commercialise in India
- ❑ Developer of novel hip protectors with sensors is expanding into Nordics

Thank You!
